CARCASE

HURACAN CARCASE SYSTEM

The revolution of greater kitchens.

A great kitchen starts with a sustainable and robust foundation, the base cabinet.

Alustil kitchens with its very own patented base cabinet, the Huracan made of solid extruded aluminium accentuate its superiority and durability, bringing together functions and practicality. The Huracan System of Alustil is quite possibly the most durable kitchen cabinet system ever innovated – a revolution to the industry of home furnishing.

Carcass \ Huracan System
Carcass Finishing \ Powder Coated
Surface Panel \ Melamine Laminate
Worktop \ Quartz
Handle \ M100 & M200
Drawer System & Hinges \ Hettich (Germany)
Dining Table Top \ Solid Nyatoh wood

- 1 The kitchen island continues into a dining table, transforms the kitchen into a favourite dining spot. The solid Nyatoh wood of the table creates a warm and cosy dining experience.
- 2 HETTICH (Germany) Standard drawer - InnoTech Atira series
- 3 Melamine laminate panels are an affordable alternative that gives out a high-quality look and feel. Available in a wide variety of colours. Handle solution with length options for door panels, and drawers create a seamless and consistent look.

Modern-day classic

The B-Class Kitchen Series is exquisitely a timeless beauty, accentuated by a material palette of aluminium and glass.

It is an all-time favourite for those who love low maintenance, sustainable, state-of-the-art kitchen with a subtle shine of class.

- 1 Behind the sleek and stylish pocket doors conceals a functional kitchen and storage. LED lightings supply a clear view of the task and create a welcoming environment for the kitchen.
- 2 The glass panels are resistant to moisture, heat and stain, and emit a clean, timeless and luxurious appeal.
- 3 Heavy-duty drawers with feather-light glide while opening and closing. Invisible handles with comfortable grips allow smooth navigation and add seamlessness to the overall appeal.
